

Hybrid cloths marketing Store Annual Report 2022

Objectives:

Hybrid cloths marketing Store 's primary objective is to analyse its sales performance for the year 2022 by creating a detailed annual sales report. This report will help the business gain deeper insights into customer preferences, purchasing trends, and overall behaviour. By leveraging these insights, Hybrid cloths marketing Store can make informed strategic decisions to optimize its operations and implement targeted initiatives aimed at driving greater sales growth in 2023.

Questions:

1. How can sales and orders be compared effectively using a single chart?
2. Which month recorded the highest sales and order volumes in 2022?
3. Which demographic group made more purchases in 2022 – men or women?
4. What were the various order statuses observed during 2022?
5. Which are the top 10 states contributing to the overall sales?
6. What is the relationship between age and gender in terms of purchase behaviour?
7. Which sales channel generated the highest revenue?
8. What is the best-selling category for the year 2022?

Key Insights:

- Women contribute significantly to purchases, accounting for approximately 65% of total sales.
- Maharashtra, Karnataka, and Uttar Pradesh emerge as the top three states, collectively contributing around 35% to sales.
- The majority of sales come from the adult age group of 30-49 years, contributing about 50%.
- Online sales channels like Amazon, Flipkart, and Myntra dominate, driving nearly 80% of total sales.

Strategic Recommendation to Enhance Hybrid cloths marketing Store Sales:

- Target Audience: Women aged 30-49 years residing in Maharashtra, Karnataka, and Uttar Pradesh.
- Proposed Strategy: Leverage promotional activities, including advertisements, special offers, and discount coupons, through leading e-commerce platforms such as Amazon, Flipkart, and Myntra to maximize reach and impact.
